Ratapu 6 o Maehe 2022

Kia ora nga matua, nga tipuna me nga tamariki mokopuna o Te Kura o Horohoro.
Ko tumanako ia, kia hari, kia koa to wiki.

Covid confirmation

I can confirm that two of our students have tested positive, using RATS test, for Covid. These tamariki are in Hinengawari and Kearoa.

These students have household contacts in all of the classrooms.

They are required to:

- isolate for 10 days
- get a day three test, or sooner if symptoms develop.
- get a day 10 test, or sooner if symptoms develop.

I suggest if any students that have symptoms they be tested prior to returning on Monday.

Crest Clean has been in to do a high touch clean which is part of their pandemic plan.

Self-isolation means staying at home for the whole time you are required to be there. It also means taking common-sense precautions to avoid any contact with those you live with. This advice applies to both people who are positive for COVID-19 and people who are contacts.

- Avoid contact with others you live with — for example, sleep by yourself if you can and limit the time you spend in shared spaces. If you cannot, you should stay at least 2 metres apart and wear a face mask that covers your nose and mouth when near others.
- Do not prepare food for others. If people are leaving you meals, tell them to leave it at the door and only collect it once they have moved away from the area.
- Do not share items with others in your household — for example, dishes, toothbrushes, and towels.
- Do your own laundry.
- Do not have visitors in your home. This includes tradespeople, unless it is an emergency.
- Clean and disinfect surfaces regularly. This includes items frequently touched like door handles, light switches and phones.
- We recommend opening windows to increase fresh air flow inside. The risk of spreading COVID-19 is highest in crowded and poorly ventilated indoor spaces.
- If you need food, prescriptions or essential items get friends or family to leave them on your doorstep, or get supplies delivered.

School will continue as per normal, with staff continuing to take extra hygiene precautions and monitoring their own health closely.

If you have any questions please do not hesitate to contact me.
